REVIEW OF KHAZINATUL ASRAR KITAB

- Fantastic children's Bible, however, the text is so tiny it almost hurts to read it. Pay the extra 13 bucks or so and get the bigger edition. This is filled with stories very well written so even a preschooler can understand and some great pictures my kids enjoy looking at.

- The content and illustrations are wonderful, so it is a shame that they printed it in such a small size. The large amount of text and the small font make reading it laborious and that completely defeats the purpose, doesn't it? A larger size would have made all of the different and made this a perfect Bible for children!
