## REVIEW OF PUELLA MAGI MADOKA MAGICA VOL

- first off im not much of a book person i think i have read only a few books.. The Dragon Nimbus series and a few other ones.. but this one was amazing i dont know why i bought this one but once i started reading it i couldnt get away from it, i read the whole book in 3 days.. i lived on this book it was amazing.. the only problem i had with it was that after i read it i wanted more and i went to get the second one and found out it wasnt out yet.. heh this was 3 months ago iv been waiting and still waiting for the second one to come out on the 15 of this month.. I cant wait for the next one.. this book became reality with me i felt like i lived in it..

- I thought this book was good despite the lack of new ideas and obvious coping of different authors such as Robert Jordan. Really I guess its cause I just like to read. There is no question that their are worse books and better books out there but on all accounts I found this book to be very enjoyable. However i do not believe that he really copied tolkien all that much. Besides the fact that the main character starts out on a journey, wait what fantasy novel doesn't start like that. Then again tell me what fantasy novel doesn't have at least one idea, which could be arguably traced back to tolkien. Loll personally thought it was entertaining.
