REVIEW OF HANDBOOK OF FORGIVENESS

- This is my first time reading a book from Antoine de Saint Exupery, and I am glad to say that it was a fantastic experience. I chose this book for an english assignment, and was pleased to find that it was a good choice! However, as I am a High School Junior, some aspects of the book kind of flew over my head. I chose the book looking for a good adventure novel, and the aspect of flying got me very interested. I also liked how Exupery laid out the book. By sectioning off the different ideas, it made the concepts a little more easy to grasp. As interesting as the novel was, however, it took me forever to actually get into the

text. The introduction, and begining points seemed to drag on, and I was tempted to skip the begining in order to get into the action. All in all, I eventually got into the book, and started to enjoy it. After reading Wind, Sand and Stars, I am tempted to go out and read some of his other works.

- This book is decent enough, but I was not even taken with Heart Of Darkness. I thought maybe that book had been his Gatsby, or his Sun Also Rises... after all, those are my least favorite books and the most well-known books of other very talented authors. But Lord Jim is long, O Lord, it is so much longer and slower than I thought. It does have passages that reveal beauty, but most of it is dialogue within dialogue and recounting of stories and testimonials about boat behavior... it is not very funny, and it is very drawn out.
