REVIEW OF CALCULO LARSON 7 EDICION

- Read this book and remember how your life is a path full of testing and initiations. We are all led by higher goals, if we so choose. This book will make you feel a part of something grand.It will also make you laugh and feel alive.

- I have listened to both the single tape edition as well as the complete set. I am nothing but amazed, at how he brings greatness, as role models and examples.He introduced me to: Viktor Frankl, Cybernetics, Ralph Waldo Emerson's wonderful poem.This is so powerful, that almost every day i listen to it in my car.Now if only this was available in cd or dvd format. Or as a software application to help manage our self improvement process...God Bless Denis Waitley!He helped to me to know what kind of man I want to be.
