REVIEW OF OCP BOOKS BY BIJU THOMAS

- a) Very poor printb) Copy of previous readers' remarks on the text sided) Very poor quality of imagesA better quality edition with colored plates should be available, even at some more cost
- I have to say that this book is really amazing. Jack was able to create a clear picture about how such little evidence we have about authurian ledgends into 6 breathtaking novels. I am 14 years old and I thank Jack Whyte because he has activated my love for reading. That is something not many authors can do.Praise for Jack Whyte
