REVIEW OF ABRIRSE PASO

- I was raised in the Christian faith. As an older teen and young adult I turned away from that faith as "irrelevant" and "too restrictive". At age 26 I realized that I had dismissed Christianity without looking at the facts; I'd made the move based on my feelings. As part of my search that year I read Mere Christianity. Mere Christianity gave me permission to approach Christianity on

an intellectual level before taking a step of faith. That was new to me. Is C. S. Lewis right about everything he says in this book? Probably not. But he informed my thinking and approach to life through this book in a way that no other book had. A classic book insists that the reader think. A classic book moves beyond the time and culture in which it is written. A classic book informs us about the human condition. This is a classic book.

- After reading *Dream Junkies* (great new

novel, I highly recommend it), which could also be called *Fear of Landing*, I realized how in 20 years the *Fear of Flying* of Erica Yong has come full circle, for many single women like myself. So I wanted to read one more time *Fear of Flying* to see if I still enjoy it, and although by today's standards is rather tame, the writing is as intellectually vivacious as ever, and I enjoyed it as much as the first time. A must read for any woman, I'd think. By now it's a classic.
