REVIEW OF AP STATISTICS CHAPTER 10 TEST ANSWERS

- My wife and I just completed a safari to East Africa. We had this wonderful book right in the Land Rover with us. It is complete, very well illustrated with excellent color shots and well-organized to make it easy to use. It is a must for anyone planning a trip to Africa.

- I've used this text 3 times with mixed results. Most students begin to catch on to, and even enjoy, the exercises. But when all is said and done, there's still some question of "What was the point of all that?" It doesn't help that the most recent edition contains a couple of subject-verb agreement problems in the text and that the paperback cover is one of those that immediately begins to curl up. I await the next edition.
