'The Adventures of Tom Sawyer': Plot Summary
The Adventures of Tom

Sawyer, written by Mark Twain in 1876, is about twelve-year-old Tom Sawyer living the small-town life - and getting into a lot of trouble with his friends - in antebellum (pre-Civil War) Missouri. The book, loosely based on Twain's childhood exploits, has become a classic portrait of mischievous youth - well, in America anyway.

A lot of The Adventures of Tom Sawyer does work though, the writing has some nice amusing moments and the story even with a couple of moments that did feel padded is exciting. The music is good with some rousing and recognisable themes and lively orchestration, and the characters all engage from the likable Tom and Huck, appealing Becky and the sinister (but not overly so) Injun Joe.

So, if you're looking for a captivating read, The Adventures Of Tom Sawyer Authoritative Text Backgrounds And Contexts Criticism Norton Critical Editions is absolutely worth thinking about.

REVIEW OF THE ADVENTURES OF TOM SAWYER AUTHORITATIVE TEXT BACKGROUNDS AND CONTEXTS CRITICISM NORTON CRITICAL EDITIONS

- Hutton has written a book that truly needed to be written, unlike the vast majority of texts on the history of modern pagan witchcraft, for and against. In essence, Hutton isn't for or against; he's an historian. This approach may well annoy those looking for support for their beliefs, of course, but for those interested in a dispassionate account, this is the book to buy. Hutton really starts with the eighteenth century, with Masonry, "cunning men", and other

magic-workers of various kinds. He discusses these folks as sources for the later witchcraft revival, and gives his sources scrupulously. He then moves on to the nineteenth-century "occult revival", which is only rather sketchily handled, and to Gardner and the whole complex from which he arose. Next, Hutton discusses Gardner in considerable detail, considering the whole "Dorothy Clutterbuck" problem and the whole complex of the first Wiccan covens. It seems not unlikely that this discussion will infuriate those who don't want to think of Gardner as a spiritual ancestor for their modern practices. At the same time, it's likely to tick off those would-be "debunkers" who want a lurid account of Gardner the evil sex-maniac. Overall, I found that

Gardner came off rather sympathetically, which surprised me. For me, the best thing about the book is the discussion of the extension of Wicca past Gardner's own influence. For example, I tend to associate the rise of Neopaganism with liberal politics, given the strong affiliations with the rise of feminism, ecological activism, and a kind of back-to-the-earth approach to collapsing the modern military-industrial dominance of (especially) American economics and politics. But Hutton demonstrates that in the first half of the century, in England, Wicca was very much a right-wing movement, not entirely divorced from movements like Baden-Powell's Boy Scouts and the Kibbo Kift. The transition from right to left, concurrent with the switch from one side

of the Atlantic to the other, is fascinating, and deftly handled by Hutton. I suppose the book is somewhat dense, if you're not used to mildly academic prose, but by academic standards it's pretty breezy reading. The book is quite accessible, as it is carefully indexed and Hutton makes clear what he's doing and why. If you are interested in a fairly direct, straightforward history of Neopagan witchcraft, this is a great book. You will hate this book if: 1) You are absolutely certain that Wicca is a surviving ancient pagan religion, continuing underground despite centuries of oppression; or 2) You are absolutely certain that Wicca is a load of nonsense, made up by some foolish sex-crazed women, which offers no spiritual rewards to anyone with half a brain. You

will love this book if:1) You are willing to read some rather dense, careful historical prose, in a mildly academic style; and2) You would genuinely like to know a good deal about the ins and outs of the origins of the modern pagan witchcraft revival, and how it has developed over the last century.

- This book is a "life cycles" book. In a simple, matter of fact approach you are taken through the life cycles of different creatures - starting with smaller creatures and working up to more complex animals including humans. The presentation style is geared for children and their perspectives. The story covers death through illness or injury as well. A

wonderful way to introduce life and death issues to children who are grieving/preparing for the death of a loved one. The publication does not cover after-life possibilities or religious issues. Here is a list of excellent books designed to help explain death to younger children or to help them cope. Note: some are religious or concern afterlife concepts and some do not: When Dinosaurs Die by Laura Krasney Brown and Marc Brown What's Heaven? by Maria Shriver When Someone Dies by Sharon Greenlee Badgers Parting Gifts by Susan Varley Nana Upstairs, Nana Downstairs by Tommie Depaolo When Someone Special Died by Joan Singleton Prestine
