"Catalyzing Change in Elementary and Early Childhood Mathematics presents four key recommendations to guide conversations that take a critical look at current mathematics programs in order to identify practices, policies, and instructional approaches that hinder any child from becoming confident and capable mathematics learners. The book uses classroom vignettes and student work to illustrate how the eight effective mathematics teaching practices form a framework for equitable instruction and to discuss the teaching of important mathematics topics in number and operations, early algebra, geometry, and data"--

Twice-exceptional (2e) learners have often been misunderstood, disciplined, unchallenged, and left behind. They're called lazy and unmotivated. But they're not: a diagnosis, such as ADHD, autism spectrum disorder, or anxiety, masks their giftedness. Or their giftedness blocks educators from seeing their struggles. Often, educators don't have the tools to meet their needs. This book bridges that gap to help teachers recognize, support, and meet the academic, social, and emotional needs of 2e students. twice-exceptional (2e) learners have often been misunderstood, disciplined, unchallenged, and left behind. A practical book for teachers consisting of 10 YC and TYC articles on the importance of integrating rich content-based, teacher-guided instruction with meaningful child-centered play to nurture children's emerging capabilities and skills. The emphasis is on teachers' active, intentional role in children's play to guide learning. Two sections: four general articles that discuss the topic, followed by six content-area articles on math, literacy, drama, art, STEM, and outdoor learning. Marie wrote the introduction as well as other material. Note: This book will not be part of the Spotlight series; articles will appear as chapters in a book (along the lines of Big Questions, with chapters from different authors but having a cohesive look).

REVIEW OF EARLY CHILDHOOD EDUCATION STUDY GUIDES

- After reviews extolling the wonders of a teenager writing a 'book', people may begin to think that it was an amazing feat. But guess what: Lot's of teens write novels. Most of them are better. the only reason this 'book' was published is because of Paolini's parents doing it for

him. It's much easier to get your book out when the editors are mummy and daddy dearest. Think of what adult authors have to go through. you need to send out a manuscript, and the people reading may not like it! wow! they may not even like you! Admit it; if he had written this as an adult it wouldn't have been published. I can write more creatively than him, and I never say anything good about my own work. The story and characters are blatantly stolen from other books and films. That's okay to do when you're nine years old. Heck, me and my friends used to write rip off redwall books at that age. But when 700 page fan fiction is being published and considered good for something which a teen wrote, then that truly is age discrimination.

- Well, ladies and gentlemen, it doesn't suddenly make Eragon a better book just because it was written by a teenager. It attracts attention and makes people curious, but it hardly improves the quality of the book. Eragon is a mixture of choppy sentences and run-ons. A load of horrible dialogue and characters. Eragon himself may just be the worst character in the entire book with the

possible exception of Angela. He, as many have said, is always knocked out in battles, wounded, falls asleep or some other rubbish ending. but he always manages to get out alright, by luck, chance, or help. Does he ever do anything on his own? No! Even though he stabs and kills the Shade in the end, not without the help of his loyal pathetic dragon and the sorry cliché character Arya (who could just as well be any elf in LOTRs, proud, noble, perfect, goody goody, ect) He is saved by Murtagh, by Brom countless times, by Saphira endlessly, by Anglona, everyone saves Eragon. He's a dumb ass, a pathetic character. Did Paolini ever just use the word "said." Maybe once or twice. I heard all kinds of substitutes: snapped, commented, remarked, stated, everything else. Oh and hear this, the worst of them all <<"I'm sorry," apologized Brom.>> Well you said I am sorry! What else could you be doing except apologizing!? Anyway, i recommend it for anyone who doesn't mind poor characterization, bad dialogue, and a copied stroyline. The descriptions are ok but otherwise, no no no.
