REVIEW OF RECONSTRUCTIVE SURGERY 2 LINK SPRINGER

- This book is an excellent summary of the teachings of "The Fourth Way". I would recommend it highly for anyone interested in starting "the work". It is very readable, unlike some translations of Gurdjieff's books and appeals to the serious student who is more inclined to understand with the intellectual center as opposed to emotional center.
- This book is old and outdated it needs to be redone and updated and the pictures do not make sense
