## **REVIEW OF PRIORITIZATION DELEGATION AND ASSIGNMENT 3RD EDITION DOWNLOAD**

- We are on a newer version of SAP, so I had to adapt some of the screen shots. It's easy to understand. The tutorials and code examples were helpful.
- Bottom line: Love the work, hate the editors and printers. This book (especially the first 30 pages) is rife with printing errors, misplaced punctuation, and phantom paragraphs. Who edited this book?! The work itself is truly brilliant. Evolutionary thought has come a long way from the theory of slow and rolling accent to punctuated equilibrium, but don't let the limited knowledge of science stop the argument. I think the brilliance of the work comes from the pure questioning of what science and the men of Chesterton's age are getting at. Chesterton is the gadfly.
