With our variety of books, from brand-new launches to ageless standards, there is something for everybody. Our dedication to client complete satisfaction means that you can go shopping confidently, understanding that your order is in good hands.

Do not fail to remember to get in touch with us and fellow book enthusiasts in our lively neighborhood. Share your favorite reads, participate in thoughtful discussions, and find new literary treasures. And if you ever require assistance locating the perfect book, our experienced personnel is here to supply tailored referrals.

REVIEW OF MANAGEMENT 11TH EDITION RICHARD DAFT

- It has been approximately 15 years since the last time I read "Brave New World". Reading it this time, I was more attuned to the criticisms of the book. Simultaneously, I was shocked by all of the raw sexuality which I had forgotten

within the book. When so many things regarding an empty society converge in this book, it is easy to forget some. That being said, this is among the most important books of the 20th Century. It may be highbrow or hard to understand for some, but the overall message can not be overlooked. The book initially follows Bernard and his dissatisfaction with modern life. Taking his most desired woman with him on holiday, Bernard hopes to make sense of this life at the savage land (the current American Southwest). It is there that Bernard encounters a disposed member of the enlightened society and her son, John. John, who is referred to as the savage, is brought back from the savage land with Bernard. His mother Linda is also allowed to return. In this new world, John

discovers a sterile world without pain. The drug name Soma is a cure-all for any emotional ailment and creates an overall sense of detachment from the world. With Soma, morality has devolved into just being pain-free and comfortable. Humanity is a product that is not regulated and created for greatest possible production as is evident in human production. In fact, production is such a high priority that (Henry) Ford has replaced God as a pseudo-deity. Even if the typical class of high school seniors that reads this book is

able to identify many of the themes, there is a lot here for the adult world to appreciate. Every generation has access to a pill/drug/activity that is their escape. When that activity comes to dominate a person's existence, that person ceases to be human and the Brave New World comes closer to reality.

- I really did not like the book. The author got some things right about things today. But anybody predicting the future gets something right. I was bothered by the lack of God in the book.
