REVIEW OF CNET DIGITAL CAMERA BUYING GUIDE 201

- At long last the true reason for the State Department's preference for foreign nations over US citizens is unmasked. This is a powerful story about how those who hate our national sovereignty sought to worm their proteges into the SD over decades. One man, Otto Otepka stood in their way. This story tells how the Kennedy/Johnson Whiz Kids sought to destroy Otto and unveils his true heroism-a Horatio at the Gates! Fascinating looks at

how General MacArthur was deprived of safeguarding his troops by Dean Rusk and how our military, the Cuban exiles and the CIA were sold out by the Whiz Kids are fully documented putting Bamfield's latest work to shame. What a history lesson!

- The first recipe I tried from the book left us with a 'meat-like' product that resembled and tasted like chicken fried steak. It was delicious and the whole family ate it like gang-busters. Storing vital wheat gluten in the cabinet is a much cheaper alternative than purchasing meat and then having to keep it under refrigeration. Strong BUY recommendation.
