Somehow I lost my book ina move, and saw it for sale on Amazon, and couldn't wait for it to comein the mail.I was very pleased to receive it in excellent condition ! Even though Ihave read it 3 times before, it intrigues me, and I can't put it down.I love the characters Rhett Butler and Scarlet O'Hara. I have the sequelScarlet and find that book is also very enjoyable, However NOT as muchas Gone with the wind. I will never loose my book again. I'm passing itdown to family who I hope will make this a keepsake.thanks. katie

• Margaret Mitchell's epic novel "Gone With The Wind" defies all ratings. It deserves far more than a mere ten. I read this book when I was 13 years old, and discovered the most unforgettable story with the most vibrant, LIVING characters ever written. To me, Scarlett O'Hara, Rhett Butler, Melanie Wilkes, and all the others are truly real people. The movie "Gone With The Wind" is undoubtedly the greatest film ever made, which it could hardly help being with such a story to work from. This book can and should be read by anyone who loves to read, because it is simply too good to miss.
