REVIEW OF METAPHYSICS BOOKS ZETA ETA THETA IOTA 7 10 VOL 710

- A plane full of schoolkids crashes on an island. At first they get along, but as they attempt to survive, they have to access some of the most primal parts of their soul in order to hunt and stay alive. Whatever fears and beasts they're forced to unleash within themselves soon overpower and possess them, and soon kids are dying left and right, kids are fighting and killing and running and hiding. What a cool book. What a cool book! American high schoolers should consider themselves lucky to be assigned to read a book this fast-paced, this dark, this twisted, and this original. It's certainly not "Moby Dick." This book is violent and sudden (and gorgeously written) and asks many deep questions you may not be able to answer. What would you do to survive? What's your breaking point? What are you really like? It's an amazing and terrifying novel about the loss of innocence, about growing up in insane and scary world, and about the darkest parts of all of us. Read it, scare yourself, squirm in fear. Taste the suspense, feel the terror, and try to ignore the author's occasional, almost loving descriptions of the buttocks and body parts of young boys. Some British authors just seem to like to throw those in once in a while. I'm not sure why; it's weird.

- The Lord of the Flies, by William Golding, is a very interesting and exciting novel that has many double meanings and symbolism by the characters and their actions. The kids in the book represent how mankind would be without any rules or restrictions. It shows how as a society we could not function without the presence of a formal government. The boys that get stranded on the island, quickly forget about the laws that they used to abide by. They become savages on this island and soon violence becomes an everyday occurrence. The kids would of continued their savage behavior if not for the interference from the outside world. Symbolism is a big part of this book. Most ideas in this book should not be taken literally. The island that the kids landed on represents the world. The conch represents law and democracy. The conch is the only thing that all the kids listen to and follow. When ever they hear it they always meet. The "beast" represents the darkside within everyone. The beast does not actually exist. It is just the kids excuse for violence and death. This book exposes human nature and how we would act if not for the laws that we are forced to follow. When the stronger kids see that they can get power, they do anything to achieve it. They do not care if they have to kill opposing forces. Overall I enjoyed this book because it made you think why we need a central government that tells us what to do. Without it there would be chaos, which is what happened in the the book, The Lord of the Flies.
