An entertaining and inspiring account of conquering the fear of rejection, offering a completely new perspective on how to turn a no into a yes. Jia Jiang came to the United States with the dream of being the next Bill Gates. But despite early success in the corporate world, his first attempt to

pursue his entrepreneurial dream ended in rejection. Jia was crushed, and spiraled into a period of deep self doubt. But he realized that his fear of rejection was a bigger obstacle than any single rejection would ever be, and he needed to find a way to cope with being told no without letting it destroy him. Thus was born his "100 days of rejection" experiment, during which he willfully sought rejection on a daily basis--from requesting a lesson in sales from a car salesman (no) to asking a flight attendant if he could make an announcement on the loud speaker (yes) to his famous request to get Krispy Kreme doughnuts in the shape of Olympic rings (yes, with a viral video to prove it). Jia learned that even the most preposterous wish may be granted if you ask in the right way, and shares the secret of successful asking, how to pick targets, and how to tell when an initial no can be converted into something positive. But more important, he learned techniques for steeling himself against rejection and ways to develop his own confidence--a plan that can't be derailed by a single setback. Filled with great stories and valuable insight, Rejection Proof is a fun and thoughtful examination of how to overcome fear and dare to live more boldly.

On a scale of 1 to 10, with 1 being not happy at all and 10 being very, very happy, how happy would you say you are right now, BEFORE reading this book? Now remember that number. Inside "Happy As a Rat In a Trash Can" Don challenges the reader to raise that number just as a student would be challenged to raise up school grades. Don says this book is about YOU! It is about you becoming a little more faithful a little more grateful a little more understanding a little more forgiving a little more thoughtful a little more caring and a lot more loving Why? Because these are the things that beget happiness. In early 2008 Don's Mom went to be with the Lord. She was a person just like your Mom... very loving and invariably, always in your corner. Her Christian values were instilled in him and are presented to the readers throughout this book. Don presents his points with a sense of humor (as reflected in the title) but never does he joke about the seriousness of becoming a happier person. He'll explain why faith is necessary and how the Law of sowing and reaping is creating the world YOU live in. He'll give you a simple question to ask yourself whenever confronted with the tough choices that life brings to all of us. This book's objective is to raise your level of happiness even if you are already a happy person. Don't be surprised if those around you start to wonder what got into you! This book can be your little secret happiness project. You'll learn how and why we all need to pay more attention to others and why that will result in a better future for yourself. You can follow the beaten path and call yourself an entrepreneur or you can blaze your own trail and really be one. When Derek Sivers started CD Baby, he wasn't planning on building a major business. He was a successful independent musician who just wanted to sell his CDs online. When no one would help him do it, he set out on his own and built an online store from scratch. He started in 1998 by helping his friends sell their CDs. In 2000, he hired his first employee. Eight years later, he sold CD Baby for \$22 million. Sivers didn't need a business plan, and neither do you. You don't need to think big; in fact, it's better if you don't. Start with what you have, care about your customers more than yourself, and run your business like you don't need the money.

All I ever wanted was to be a female fighter. It was in my blood to smack people around. Some girls wore pink dresses and makeup, I wore sneakers and bruises. I was a loner, stuck to myself because I was different, until Camden Steel moved next door. I punched him in the mouth, and he saw me through rose colored glasses from that day on. I had everything I ever wanted. The boy next door, inspiring career... until I didn't. He hates me. I deserve that. They say you have to fight for what you want... What they don't tell you... is it'll cost you more than you're willing to give to reach the top.

REVIEW OF ANYTHING YOU WANT 40 LESSONS FOR A NEW KIND OF ENTREPRENEUR

- I've been studying the Bible for over 40 years. While in college the professor directed us to The Joy of Discovery. The ability to grasp and discover meaning of scripture and make the application to the here and now is remarkable. I must add, this type of study is time consuming and laborious. Having said that, the rewards are far greater and your joy is without limits when you make those discoveries. Norm Ostrander, Pastor, retired
- This is in my top 5 best books of all time. I give it an A+. It is a very long read that covers a broad range of information involving economics, but well worth the time spent. There are a lot of references to issues that were occurring during Smith's time that may not seem to be pertinent to the reader, but can still be applied to modern times. I most enjoyed the last sections of the book on taxes and public debts. His 4 maxims of taxes are that they should be- equal, certain, convenient, and beneficial. He viewed inflation as "extremely pernicious". The book contains ideas that Americans should possibly revisit in the near future.
