REVIEW OF THE FREEDOM WRITERS DIARY

- Unfortunately for the main character "Whoreson" just so happens to be his name. Despite the title, this happens to be a heartfelt story of a love that just wasn't destined to be. A great tale and another story written in a way that only Donald Goines could deliver. Check it out. You won't be disappointed.

- Interesting, perhaps eccentric, thesis on the origin and utility of human language, well-founded in evidence gathered from a wide variety of fields, including linguistics, neurology, and evolutionary psychology. In some cases, Dunbar seems a bit dismissive of others' hypotheses, but at least he gives them consideration (his objections don't always convince; but a stronger case would certainly require a more technical, and therefore less entertaining presentation). Strongly recommended for anyone interested in evolutionary psychology or cultural anthropology
