REVIEW OF ADVANCED ELECTRONIC COMMUNICATIONS SYSTEMS 6TH EDITION

- The twists and turns of the search of the Horn of Valere made me stay up all night reading what will happen. I haven't read any Tolkien books yet, but even if I did, I would still think Jordan is the better Fantasy author
- This book is very complete. I was assigned this book in my college biology I and II classes. It was a good book for helping me learn the necessary details for the class. The book went over such topics as cell structure and function, plant and animal structure and function, photosynthesis, Calvin Cycle, Electron transport system etc. The book is an excellent resource. I also found the following to be right on the mark for preparing me for my college exams. I got them on amazon.com, too. These study guides are. The Ultimate Study Guide for Biology: Key Review Questions and Answers with Explanations Vol 1 is isbn 1933023007. Vol 2 is isbn 1933023015, and Vol 3 is isbn 1933023023. These study guides make my college biology I and II classes much easier because they prepared me for the type of questions to get ready for. This textbook and these study guides are well worth it.
