REVIEW OF CHAPTER 9 CELLULAR RESPIRATION WORKSHEET

- I suppose it's needless to review the story. It's nice to get a copy of Jane Eyre on my Kindle - I like re-reading bits from this book from time to time, it's kind of inspirational. This edition's minor (and - it seems to me - the only) shortcoming is the impossibility of going to any specific chapter via "go to" option.
- This is definitely my favorite book of all times. I can read it over and over again. Very well thought out, very well written. It is too bad that modern books are not written as well!
