REVIEW OF MASSACRE ZUMBI DUBLADO

- As an avid Scarpetta reader, I was disappointed with Black Notice. There were too many subplots with the characters, and I found that the main plot of the book (i.e., trailing the "werewolf") was virtually put aside until the midpoint of the book. The climax of the book was anticlimatic, and ill-conceived. Please bring back the strong, tough Scarpetta that we all love!

- Living in Australia, we're lucky because Black Notice was released here only a week ago, unlike in the US where it'll be release later! It took me 2 days to finish the book - reading it at work, at lunch and even in the bath!! Just one word to describe the book; its fantastic!!! A great read and denfinitely a must for all crime fiction readers.
