REVIEW OF MASSACRE ZUMBI DUBLADO

- this is #7 in a series of 13. I was having the hardest time finding it. I not only found it on Amazon, I found a used copy in mint condition at a super low price. The series is a must for Sci Fi readers.
- This is a very good series. It takes some time to write a good book so I'm being patient waiting for number 8. I only started the

series in 1997 I therefore have not had a long wait in between titles. It is refreshing to note the many positive statements being made by fantasy enthusiasts. So many "so called" intellectuals who only read biographies and factual texts, denigrate lovers of fantasy and science fiction. If they only realised that sometimes you need escapism to rekindle your humanity. Enough of this - go for it Robert J. your series is worth waiting for.
