REVIEW OF PAPERPORT PRO 14 MANUAL

- There are no explanations at all on the answers. The answers are only A.B.C.etc. They did not tell you "why". Besides, the CD sound quality is so bad, and you can not repeat the specific questions you

want to listen. You have to repeat the whole section from the beginning, and it wastes my time. It can't even compare to Delta's Key to TOEFL(CD-ROM)(5*) and Barron's TOEFL 10th Edition(4*),

- After reading two Saramagos novels (Balthasar and Blimunda, Blindness), this one is quit down to earth. It has two main strands, one being essay on (re)writing the history, and the other is about two love stories. As for the former we are not reading some dry philosophical musing, but one concrete 'example': the siege of Lisbon in the AD 1147. We can find some fine points (which are not stated explicitly by Saramago): main sources are 'professional' christians (monks, friars, bishops) and in this particular case winners (losers are Moors), so their bias

must be taken into account for example how can you trust the author who wrote down the miracles of the dead knight (here soem apologies might be in order, but that is not in the spirit of Saramago). So Raimundo Silva who worked as proofreader for just issued 'official' version of The History of the Siege of Lisbon, starts to write alternative version of The History of the Siege of Lisbon - from more or less from the same sources but with different accents and with some artistic liberty. And where did impetus for this rewriting come from? From the Maria Sara, his new boss. It may be speculated, he writes new history to impress here and yes they fall in love. And they are mirrored in the year 1147 with Mogueime - a foot soldier - and Ouroana

- kidnapped girl who serves as concubine to before mentioned miracle-doing knight. Their story is depicted zen like; they have just two lines - he: What is your name? .. I'm Mogueime. she: My name is Ouroana. Of course Saramago tells this much more beautiful and not only once.
