REVIEW OF THE ENGLISH HUB 2A LIBRO

- This book wasn't a bad overview/expensive marketing blurb. The information it contains isn't sufficient for you to pass the tests, though. As an aside, you might want to check out the Microsoft Certification site prior to purchasing this. They've announced that they're retiring WinArch

II, which I'm not real happy about since I just passed it this weekend, and they're revamping the requirements. Caveat emptor.

- i read this book years ago, but i

remember it being a page turner to me. i was kind of shocked by the actions of the pastor, but then again that all may happen in real life. i still tell people that if they want to read something good, this is the one to read.
