Bear in mind, checking out evaluations can aid you make educated choices concerning what to check out next and can reveal you to brand-new authors and styles you might not have actually considered previously.

REVIEW OF MONA BAKER IN OTHER WORDS CHAPTER SEVEN

- I have at long last, managed to successfully quit reading a series. This is from someone who finished reading a Kevin J. Anderson series simply because I managed to make it through the first one (Sorry, Kevin, but you suck). The first 3 or so books were good reads, and I had made it through the fifth (I think) in about two weeks when I discovered something. This author is continuing to write books for money, and will drag this series along until he has wrung every last nickel out of it. There quite easily could be ten books to this series and frankly, I just can't make it. Reminds me of when Frank Herbert kept writing Dune novels simply because they kept throwing money at him. Terry Goodkind did a much better job with this type of story.

- While Jordan's prologues tend to be seriously bloated, this one provides a lot of info, especially some great Forsaken viewpoints. A major plotline is revealed early on when Rand and Taim first meet. After that, the narrative does lull in the middle parts until Nynaeve's discovery and the summoning of Egwene. I especially enjoyed the Egwene/Gawyn interaction, that was a very nice touch by Jordan. I didn't like that Mat/Elayne/Nynaeve were left in limbo at the end of this book. However, the spectacular fight scene at Dumai's Wells made up for it. Not as good as Fires of Heaven, I'd rate this at 3.5, but still good entry for WoT.
