REVIEW OF WRITE ON AWS

- When I first saw this book for sale, I had doubts about how good it would be considering the title "Prodigal Son - Dean Koontz's Frankenstein". But being an avid Dean Koontz fan I ordered and read it despite my doubts. Wow! Next to the "Odd Thomas" trilogy, the "Frankenstein" books are my favorites. The characters are real, the story is interesting & fast-paced. I absolutely loved Book 1 and Book 2. I can't wait for number 3 to come out!
- The book was a good read and has a new twist on the story of Franenstein and his Monster.
