Cambridge Latin Course Unit 3 Pupil's Book Set (13 Booklets) Cambridge University Press

A companion to Bloomsbury's popular two-volume Greek to GCSE, this is the first course for Latin students that directly reflects the curriculum in a clear, concise and accessible way. Enhanced by colour artwork and text features, the books support the new OCR specification for Latin (first teaching 2016) as well as meeting the needs of later students, both at university and beyond. Written by two experienced school teachers, one also an examiner, the course is based on a keen understanding of what pupils find difficult, concentrating on the essentials and on the explanation of principles in both accidence and syntax: minor irregularities are postponed and subordinated so that the need for rote learning is reduced. User-friendly, it also gives pupils a firm foundation for further study. Part 1 covers the basics and is self-contained, with its own reference section. It outlines the main declensions, a range of active tenses and a vocabulary of 275 Latin words to be learned. Pupil confidence is built up by constant consolidation of the material covered. After the preliminaries, each chapter concentrates on stories with one source or subject: the Fall of Troy, the journeys of Aeneas, the founding of Rome and the early kings, providing an excellent introduction to Roman culture alongside the language study.

This collection of ancillary Latin narrative passages is intended to supplement the Cambridge Latin Course, and can be used to provide extra practice in translation and/or comprehension, or to provide material for evaluation purposes on tests and examinations. The stories have served both purposes in the classes for which they have been composed over the last 20 years. The Cambridge Latin Course is successful in its avowed aim to prepare students to read and understand Latin, mainly because its stories are so interesting that students want to be able to read them. That success, however, poses a challenge to the teacher/evaluator. To measure a student's success in achieving the Course's primary aim, the student has to be asked to translate or answer comprehension questions "at sight" on a connected passage of Latin. The *Fabulae Ancillantes* answer this need, providing passages that are in line with the Cambridge Latin Course, yet are new to the student.

REVIEW OF CAMBRIDGE LATIN COURSE BOOK 3 ANSWERS

- James Hilton's *Lost Horizon*, first published in 1933, is the enchanting, though cerebral, short novel that gave birth to the utopia of Shangri-La, a paradise set in a Christian-Buddhist monastery and largely self-sufficient village in the isolated high mountains of Tibet. Told as a captivating story within a story, the drama revolves around a cluster of enticing mysteries: Why are protagonist Hugh Conway and the other foreigners being flown by a seemingly mad pilot high above the remote Kuen-Lun mountains of China? Is Conway's story of his two-month stay in Shangri-La believable?; Does this almost timeless utopia, where people live in equanimity and age ever so slowly, actually exist?; Does Conway find his way back to Shangri-La to take charge following the death of the 250-year-old High Lama?The basic storyline, including Conway's love for a youthful Tibetan girl he meets in Shangri-La, is provocative enough to have served more than once as material for an entertaining Hollywood movie, but, in my opinion, the greater value of the work lies in the author's articulation of an emotionally appealing and intellectually intriguing life-philosophy. Conway is a British consul whose mild personality and muted career ambition lead to his assignments in far-away places outside the mainstream of power and politics. As such, he is the perfect newcomer to Shangri-La, where people are moderately hard-working and honest, where different ethical systems and religions are condoned as being "moderately true," and, above all, where the lamas who run Shangri-La "are only moderately certain" of their own beliefs! After entering Shangri-La, often more by chance than choice, lamas-in-training find that their youthful desires gradually recede, to be replaced by a deeper wisdom. Over many decades of living in Shangri-La, significant events from their past lives come into sharper focus to serve as reference points for refined scholarly pursuits and purposeful contemplation about the future.As voiced through the High Lama's prognostication of a storm that "will rage till every flower of culture is trampled, and all human beings are leveled in a vast chaos," Hilton warned in the 1930s, the decade leading up to World War II and the development of nuclear weapons, about the destructive path our conflict-prone society was on. Along with his warning, however, Hilton optimistically professes faith in "a new world stirring in the ruins," with Shangri-La "preserved as by miracle for a new Renaissance." Assuming this forecast to be moderately true, let's hope that Conway really has returned to Shangri-La, even though the rest of us may never get there!

- I grew up on the movie so it was quit a shocker to read the book. As stated in the beginning there are no petticoated women in this book. It is a men's adventure written by a man for men. You can not miss the hand of H. Rider Haggard as he has a unique sense of humor that pops up at the strangest times. He may be a little verbose but every word has a use. And as with written stories this one is much more intricate than the movie adaptations. You will find many assumptions of the

time such as any complex construction must have been built by white people and natives on their own may turn savage. The story is told first person by Allan Quartermain. Nevil is off to make his fortune by finding King Solomon's lost diamond mines. Allan sends him a 300 year old map to help. This is the last anyone heard from Nevil. Turns out that Nevil is really the estranged brother of Henry Curtis. Sir Henry Curtis now wants to make amends and he with his friend Captain John Good, bribe

Allan Quartermain to take them across an endless desert and through impassible mountains to an adventure that will hold you to the very end. Along with them is their self imposed helper Umbopa who carries a secret of his own. If you get a chance to also hear the recording, an added plus is narration by John Richmond; He brings the characters to life and adds to the mystique that this story has been passed down.
