Bear in mind, checking out reviews can assist you make educated choices concerning what to review next and can reveal you to new writers and styles you might not have actually considered in the past.

## REVIEW OF AM PADMA REDDY FOR JAVA ACOACHHUSTLES

- I've read quite a few reviews here that seem to assume that you (the reader), are well versed in the Lord of the Rings series. Simply put, this book, when compared to the Lord of the Rings trilogy, almost seem like they were written by two entirely different authors. Perhaps that's why this book is one of my favorites. The Hobbit is a children/young adult novel telling the tale of a small, unlikely hero named Bilbo Baggins. Bilbo, known as a "Hobbit", is elected to play the role of burgler and help a hand full of bearded dwarves reclaim their stolen treasure from the dreaded dragon, Smaug. There are a few things to keep in mind. For one, this book was written well over half a century ago. The English language has changed a bit over the ages it seems, and perhaps the age range it had been intended for then, will have a little trouble getting through it in our day and age. The second, as mentioned above, is that this book is not wholly in the theme of the Lord of the Rings trilogies. The narration is much more light hearted, even humorous at times. Personally, I argue that this is where the Lord of the Rings failed, with its dry, history text like narration. With the Hobbit, we get the feel of sitting around an old arm chair, while Old man Tolkien gets into his adventure, playing out the roles of the characters, and making the sound effects himself. Simply put... it "READS" a lot more fun. The Hobbit is also a little different from the Lord of the Rings as it takes the world around it at face value. A few things are explained in great detail, while most of the world at large is only briefly explained. Some people would prefer a greater detail into

the world that Tolkien has created. Not all people, however, want a 4 page description on every character's lineage, or every city's history. For those people, good news, Tolkien has a near unlimited amount of text on his invention. For every one else, this book flows a little smoother than some of his other works. I will say that a lot of new readers are turned off by the first chapter. There is a lot of exposition, and it contains a lot of information that won't really make sense to new Tolkien readers. My advice, is to push through. The book really picks up, and is one of the most magical,

wonderful reads you'll ever get through.

- A truly amazing story with unparalleled use of imagination and outstanding depth of story. With characters which are perfectly real and complex matched with the in-depth world of Middle Earth which has languages, peoples, geography, and a true \*feel\* of its own, this story is amazing, and stands as my favorite novel, of course, next to The Lord of the Rings, which continues the plight of Bilbo's magical ring.
