REVIEW OF FORD EXPLORER REPAIR MANUAL ONLINE

- Updated to 5-star: Originally I gave this a low rating because it was incorrectly marked as the Unabridged version. Amazon has corrected this, so I'm editing my review. Great book at a great price. Thanks, Amazon! Old Review: Note: 1-star rating is only to bring attention to the edition of the book! I'm sure this is a great book, I'm really looking forward to reading it, but after

much debate I decided to get the Unabridged version, and ordered this item - I got the book in the picture, but it's Abridged. Not worth returning (Great deal, \$5 book!), but just a heads up for others in the same boat.

- Yes, that's my only complaint. It was too short. I never wanted it to end. I agree with others when they say you will devour it. You will be amazed how entranced you will be with the characters and the plot. And boy,

is there a better thriller plot than this one? When I wasn't reading it, I was thinking about it...thinking of what may happen next etc. How did Dumas craft such a story, I'll never know. Also, the book is much different and better than the movie (I saw the movie first and liked it so decided to read it). The book definitely does not have the Hollywood ending the movie. So if you saw the movie and liked it, or hated it, read the book anyways because you'll love it.
