REVIEW OF CHAPTER 14 THE HUMAN GENOME ANSWERS

- Didn't know what to expect but this book lays out a good, sensible, logical, backed up argument for Christianity. There is no 'leaps of faith' involved, nor is anything said without being backed up with logical argument. A brilliant read.
- Read it for the second or third time and it is always amazingly new. I plan to go to a seminar this summer at the Kilns (Jack's home near Oxford) so I wanted to get back up to speed. Also recommend George Sayers' bio of Lewis.
