- I enjoyed this book. I am currently deployed overseas and this book got to me in speed time! I have recently visited Nantucket (where this novel is based) is it was really neat to read a book about

some of the history of it!

- "When you realize that your thoughts and beliefs determine what you experience, you're on your way to having mastery over your life" Interesting quote for this easy to read THOUGHT guide. Overall great book, easy to read, easy to understand, easy to implement. Some key points: 1. Answers the HOW it works, and WHAT it is....simple but incredibly necessary 2. Visual learners will appreciate the simple "illustrations" that aid in making the text come to life 3. Technical "big word" learners may find this book simplistic

and non challenging Overall: The premise of the self help/ law of attraction/ the secret/ new age thinking is summed up in one phrase : WE BECOME WHAT WE THINK ABOUT - This I believe and so I see this understanding as critical to creating lasting change.....this book will help with the fundamental understanding and adjusting thought patterns. Well worth the price and a great tool to pass along to teenagers and youth.....can you imagine what you could do if you knew "thoughts are things" at 14 years old? Thanks!
