REVIEW OF PEDIATRIC RESPIRATORY MEDICINE BY LYNN MAX TAUSSIG

- I disagree with the naysayers.....I just heard Ms. Carson read some of these poems and they are powerful and emotional. These poems are very

different from GLASS, IRONY AND GOD or AUTOBIOGRAPHY IN RED but she is just increasing her range. I am amazed at how wide she is able to cast her net, her economy of language, her wide range of references in history, literature, the classics, pop culture. I think when you see her read (and I think her poetry is still great if one doesn't hear her read) her wry humour really clicks....it is amazing how much emotion she is able to convey through her wit....I think she is one of the most unique and refreshing voices in literature today. She is a very exciting poet.

- My fiance is taking an advanced level government course and it was one of her required readings. I decided to expand my horizons and read along with her. I highly recommend it to anyone who likes

to know history of our government and how we were perceived historically.
