REVIEW OF AP BIOLOGY CAMPBELL 8TH EDITION STUDY GUIDE ANSWERS

- Francesca Lia Block's writing makes you fall in love with the characters, and, because it is written in third person, understand the way each is feeling. She attacks so many issues that are important to today's teenagers, while the characters grow and learn not to live in the past. I recommend this book for every teenage girl who ever wished she was a fairy, or dreamed of meeting one.
- I just finished this book and I have to say that it was very interesting and even suspenseful in some parts of the book. BUT, it was kind of hard to understand fully because there was a lot of confusion during the first 5 chapters or so. The rest of the book, however, is very well written and I think I would like to read other books concerning snipers in Vietnam.
