### **REVIEW OF CORPORATE GOVERNANCE FAILURE A CASE STUDY OF SATYAM**

- This is book number 2 of the series. It's great story! Easy to read and follow!

- I have a confession to make...I started reading Robert Jordan's The Wheel of Time series out of order, and was instantly hooked by Book 2. The Great Hunt is what brought me back to reading science fiction, and am I glad that I have returned. I have not been so enthralled by a series since Anne McCaffrey took readers to the planet of Pern, and introduced them to dragons. After meeting with some of the main characters(Rand, Egwene, Lan...) and fighting with them from Fal Dara to Tanicho, I was hooked. Robert Jordan's characters seem to come alive as I read through this book page after page, and I was glad that I got to travel with them through their various adventures, as they fought Trollocs, talked to wolves, and met with the Seanchan. Robert Jordan has set the Wheel of Time turning, creating a wonderful new Pattern for readers to follow.I am glad that he is the reigning master of science fiction. I have read several pieces of science fiction while waiting for copies of his series to be returned at my local library, and none come close to his spinning of the Wheel. One of the wonderful things about his books are the fact that it doesn't matter where you begin...the Wheel never stops turing, and according to Thom Merrill, there is always a story to tell.I highly recommend The Great Hunt to all lovers of adventure. And while you are at it, feel free to read the rest of the series as well!
