REVIEW OF THE ART OF AVAZ AND MOHAMMAD REZA SHAJARIAN FOUNDATIONS AND CONTEXTS BY SIMMS ROB KOUSHKANI AMIR 2012 HARDCOVER

- This book is so lame. I bought the Kindle version out of the rave review and the cheap price, but I couldn't believe I was reading a crap like this. It's full of cliché and unrealistic plots and characters. I love reading romance and enjoy watching romantic comedy movie, so I understand it can sometimes consist some coincidences and events just to add that romantic spice. And I think this book has a good potential to go on a movie if it were not so ridiculous and stupid. The characters are one dimensional and the entire story is surrounded with a silly bet, which is alright if the author can develop more depth on her story. The lines just keep jumping from Cal and Min and their silly friends, with coincidences and trashy comments. I gave it two stars for its sometimes funny lines, but other than that this book is totally waste of time. I would have gone for Sophia Kinsella over this.
- I have loved all of her books.. I never enjoyed reading until I someone gave me one of her books!! I am now in love with reading!! Thank you Jennifer Crusie!! You Rock, Just sherrie
