REVIEW OF SCOTTISH GENEALOGY FOURTH

EDITION

- "Of Mice and Men" will always stick out in my mind as a one of a kind book. It is unforgettable in so many ways. I first read this book in 8th grade and loved it. I then read it again in 9th grade and loved it twice as much the second time around. The characters in the book, George and Lenny are complete opposites, yet at the same time they are a pair. They are both outsiders who need eachother in their hard times and good times. Lenny, being not quite as intellegent as George, goes through a lot. He depends on his friend George to back him up whenever he does something wrong. George on the otherhand is independent. As said before they are completly different people, but in a sense the same. The main story line is very interesting. It has many twists and turns that are completly unexpected. There are some times in the story you will need to pick up a box of tissues and others when you will just laugh. It is an all around great book. I could not put it down, it took me only but a few hours to read the whole thing. And even after you are finished reading you could sit there thinking about what the book actually means for hours at a time. I strongly recommend this book to anyone who is in the mood to enjoy an easy read, but yet at the same time a book that has meaning.

- Mice and men was a strange book at the start. The language was very interesting and cleverly described. The fact that I'm only 13 years of age makes it quite a challanging book for me. As we got into it, it was brilliant. I loved the way Steinbeck showed that George & Lennies life was a game of chance, by George always play cards. When you play cards you don't know if your

going to get a bad hand or a good one. This reflects the issues in both George and Lennie's life. It got quite emotional when Carlson insisted on killing Candy's dog. I suppose that if I had a ill dog , I'm sure I'd want to put it out of it's misery. The end though

was fantastic. Curley was beating Lennie, so George told Lennie to get him, and Lennie grabbed hold of Curley's had and crushed it with his enormous amount of strengh. This was really a great, but personally I think that It is aimed for elder readers.
