REVIEW OF 28 DAY RESET CHALLENGE BLOGILATES

- This book was sent to me new, and had not markings or creases in any pages or the covers.
- The book is a very fast paced book, or so it seems. The converging plotlines draw the characters together in action packed conversions. The revamped vampire lore makes the blood-suckers even more interesting to read about. The plot is totally different from the all - good hero slaying the crazy, deranged, killing machine style that hangs all over the dracula style books. The people have more to them than considered at face value, and that's what makes this book a winner.
