## **REVIEW OF MERCEDES M113 ENGINE**

- If you are a Vonnegut fan than this book is a must read. His quirky humor and abstract delve into the idiosyncracies of our human existence are not only hysterical, but will make you put down the book, think, and re-read sections to truly grasp the absurdity of our existence and question the monotony of our everyday lives. If you enjoyed this also read Slaughterhouse Five!
- This is a quick way to make your needs know as you travel through a number of countries which speak other languages especially Latvian, Estonian, Lithuanian and 9 others. The basic transliteration used in the book is the same throughout the book. Familiarity of the basic outline of the 350 phrases should be done, some of which are compounded therefore you have to

count the words to point to the correct one. I don't know if an audio transcript has ever been done of the book-it would be useful!The book is pocket size and fits into the back pocket of my jeans. You may want to use a removeable tab to the language in demand for easier use
