REVIEW OF DAEWOO TRANSMISSION

- Mistry's latest novel, Family Matters, is a flawless gem and is a worthy successor to his equally impressive A Fine Balance. At the heart of Family Matters is the aging Nariman Vakeel who is in rapidly deteriorating health due to Parkinson's. Nariman is haunted by dreams of his ex-girlfriend, Lucy Braganza, a girl his parents forced him to renounce. He is cared for by his children Coomy and Jal. Coomy is a cranky woman with "too much anger" within her to care for her father well. When Nariman slips and hurts himself seriously on a walk, Coomy and Jal transfer custody of their bedridden father to their half-sister, Roxana Chenoy. Roxana's is a happy family with a doting husband, Yezad, and two wonderful sons, Murad and Jehangir. The arrival of Nariman in an already cramped apartment, though, puts enormous financial and emotional burdens on the family. As Nariman puts it, "People have their own lives, it's not helpful when something disturbs those lives." Family Matters portrays the daily play of emotions with remarkable acuity. Mistry paints all of his characters very realistically with real strengths and failings. Roxana cares for her aging father with amazing grace. Yezad, who once dreamt of emigrating to Canada, tries valiantly to keep the cheer. And who wouldn't want to have Murad and Jehangir, two of the most amazing kids, as their own! There are many side players in the story-Daisy, who lives

downstairs in Pleasant Villa, and who regales Nariman quite often with her violin. Also portrayed well is Mr. Vikram Kapur, Yezad's boss at Bombay Sporting Goods Emporium. Mistry's love for his old city, Bombay, shines through loud and clear in the words of Mr. Kapur: "Bombay endures because it gives and it receives. Within this warp and weft is woven the special texture of its social fabric, the spirit of tolerance, acceptance, generosity. Anywhere else in the world, in those so-called civilized places like England and America, such terrible conditions would lead to revolution." These words of high praise for Bombay, however, come with a warning against the radical political party, Shiv Sena, trying to gain control of the dynamic city. As with Fine Balance, Mistry uses his platform to make a couple of political statements—a frequent rant against the Shiv Sena and another subtle one against the pro-lifers in America, the "empty talkers" who prevent research into Parkinson's. Mistry warns against fatalism: "In a culture where destiny is embraced as the paramount force, we are all puppets." Despite that, his primary characters often accept fate as the only graceful alternative. Family Matters ends without strong closure and that is just as well. For we have learnt along the way that even in a culture riddled with fatalists, the common man holds his head up high and always emerges from battle, relatively unscathed. At one point in the narrative, Yezad and his boss peer into a mirror and Mr. Kapur asks, "See that? The faces of ordinary family men, not heroes." I respectfully beg to differ.

- I just got done with SoTH and it is great. I would consider it just a little under EG. The plot, characters and

everything else about it is great. If you like sci-fi, buy this book.
