## REVIEW OF DAEWOO TRANSMISSION

- I really enjoyed Exit Wounds, and thought the ending was a great twist. I do hope that Joanna's reelection is completed in the next book, it has stretched on too long.As far as the female minister in the book, I'm United Methodist, and my minister is female. Very common.

- Though this is one of the later books, where Tarl has become a true Gorean male, with all the unfortunate philosophy associated with it, I found this book brought the desert region to life with keen detail and clever protagonists.The desert men, based on perhaps 6th century Saudi Arabia were clever and subtle. The desert and it's dangers were brought especially to life. I don't think Tarl has gone through so much as in this book with the march to Klima and the trek across the desert with the Kur later. Simply amazing survival.The Kur's were brought to life well, and Tarl impresses his admiration of the intelligent brave beasts on us. It was interesting to see the Kur have various factions much like the Priest kings did in the third book.I even enjoyed the small haggling bit, where both Tarl and Suleiman haggle well, then Tarl gives up his advantage to give a lower price in thanks for the hospitality and then Suleiman offers an even higher price to demonstrate his generosity.As for side characters, Hassan (and Samos) were admirable as well as Ibn Saran and the unnamed good Kur. The females were less fortunate. The one free woman turned out to be nothing more than a puppet, and when she was allowed to demonstrate her skill with the scimitar it was of course against Tarl himself, perhaps the best swordsman on the entire planet. The rest were slaves that loved it as usual.
