REVIEW OF GCE A LEVEL GENERAL PAPER

- While I'll concede that this book gives a nifty introduction to the tenets of Taoism by means of the extended Pooh analogy, the manner in which the author achieves this is downright dogmatic. You can't read a full page without him openly denouncing other belief systems, and his overly contemptuous attitude towards intellectualism

is alarming. He portrays anybody who values the beauty of complexity or academics as a close-minded, arrogant bookworm, and grossly misrepresents the followers of various religions/faiths. Hoff definitely borders on the fanatical here, using far-reaching comparisons to make his offensive points, many of which don't even align with the true characteristics of Taoism. Jumping to conclusions and articulating uneducated descriptions regarding many aspects of contemporary culture and scholarship, I'm certain that Hoff has Lao Tzu turning over in his grave at his downright hateful quasi-environmentalist commentary. Don't

waste your time with this book.

- Knowing that I love historical fiction, especially about the Second World War, a friend recommended THE REICH MUTINY by William Reynolds. Not only was this one of the best books I have read on the Second World War--perhaps the best--this was also one of the best novels I have read in my life. The book fairly crackles with action and captures an event of espionage that I never knew existed. I had never known about Americans who actually worked for Germany aboard U-boats in the Battle of the Atlantic. The book also contains nail-biting suspense and a great love story. Simply put--this might be the best World War 2 book

I have ever read.
