REVIEW OF ERWIN KREYSZIG 8TH EDITION

- My father read this book to me as a child...and I fell in love everything about it. I usually re-read it once every year or two...I enjoy Tolkien's very descriptive writing style...which has helped me in my creative essays about motorcycle riding....just a fantastic book, filled with creativity, imagination...all the best.

- I have read this book and I think it is an excellent chapter book for children. I got this and the audible version. My 6 yr old son just could not put it down.
