From the legendary comedic scholars who illuminated the tour de force "Twilight" so brilliantly in the "New York Times"-bestselling "Nightlight" comes "The Hunger Pains," a hilarious send-up of the immensely popular

dystopian young adult novel, "The Hunger Games." The hilarious instant New York Times bestseller, The Hunger Pains is a loving parody of the dystopian YA novel and film, The Hunger Games.

Parody only works when readers know what is being parodied. Harvard Lampooners know a target when they see it: thus The Hunger Pains.

REVIEW OF THE HUNGER PAINS A PARODY HARVARD LAMPOON

- I first read this book as a kid and it still ranks as my favorite book ever. the character development is top notch with the most fascinating people I have ever

read about. each person is given their own chapter to outline their life and give us a look into their motivations and actions. it is funny, touching, action packed, suspenseful, all rolled into a flowing story that keeps you hooked from the start.

- If you are looking for a fun book to read, then you've found it. I would definitely recommend *The Princess Bride*. For those people that have seen the movie, I believe they would enjoy the book even more. The book is a more detail version of the movie. Each character has their own story to tell about their childhood and how they got where they are. But best of all, the book is funny. It had me laughing

through almost every single page. Not only is the story itself is funny but William Goldman's abridged notes are fantastic. He'll break into the story every once in a while and give you a little background of what's happening or a story of himself. William Goldman's notes are one of the best parts in the book, but at times they can get a little long. The beginning is his longest note. I was left wondering when he was going to get into the story itself. But by the end you appreciate the notes that he makes. He does comments on them later in the book so it worth reading the whole thing. The story of Buttercup and Westley is so much better in the book than

it is in the movie. There are many more details on what Buttercup was like as a child and how Westley came to be working for Buttercup's parents. The reader gets to see how the relationship starts to grow over the years and new obstacles that Buttercup must overcome, like her jealousy of the Countess and her desire for Westley. We also get to see a more realistic couple. In the novel Buttercup and Westley get into little spats every once in a while, which I thought just made them a more

believable couple. The novel also gets more into the supporting characters Inigo, Fezzik, Vizzini, and more. You get to read about Inigo's quest to become the best swordsman to avenge his father's [life], and Fezzik's career before he became a kidnapper with Vizzini. And Vizzini himself is much more diabolical in the novel than he is in the movie. Overall, the novel is fantastic. I enjoyed every page of it and I would recommend it to anyone that asked. Its fun and clever and to date, my favorite book.
