## **REVIEW OF HAZMAT FAMILIARIZATION AND SAFETY IN TRANSPORTATION EXAM**

- Something Wicked this way comes starts out as a book about two boys named Will and Jim. Jim always gets into trouble for not thinking but acting while Will usually thinks and avoids things. This book is a mystery that will have you on your seat reluctant to put it down.

The beginning scenerio is that there is a man who sells lightning rods walking down the street and there is about to be a storm. The man offers Jim one. This is the first time you see Jim's ignorance and Will's insight. Jim thinks it would be cool to have your house hit by lightning while Will is convinced that it would not be worth taking the risk. Soon the boys are in the midst of a carnival that claims the merry go round is broken when infact it runs backwards. They see a man on the merry go round get younger as it goes around. This sets the novel up for a great mystery and plot. The first thing that will catch your eye will be that you are constantly trying to figure this novel out, if you skip one scene or one page you may be confused for the rest of the book. Overall I beleive this book would be good to recomend to anyone looking for a very good mystery novel with good themes and a good plot.

- This story is one that I have thought of often in the 15-plus years since I first read it. It is a tale of moral dilemma and tests of loyalty. There is enough of the macabre to keep the reader tightly gripped, yet enough moral fiber to keep the reader thinking for years to come... and isn't that the true test of great literature?
