## **REVIEW OF NOKIA C2 06 USER GUIDE**

- "Treasure Island" is a great story that I've read a few times - a well-written, fun adventure, with clear descriptions and characterisation, and characters you can side with. It has one or two racist comments, similar to the novel "King Solomon's Mines", but if you can overlook that it is an enjoyable read.

- I had never read Treasure Island, but upon receiving my kindle and the fact this was a free read, I downloaded a copy. I had always thought I should sit and read this one and I am happy I did. The story never really got stagnate. As in the story hanging around the sea port town too long or sitting in the island cabin. The story keeps moving along with twists and turns. It was a great adventure on a great ship with the cook to a little known island. If you havn't read it and enjoy adventure stories and mystery, dissete, and double crossing and most of all sea adventures, I suggest you try out this gem. It's not too long and a great read.
