And if you ever require assistance discovering the excellent book, our experienced staff is below to offer customized referrals.

REVIEW OF BIANCHI VEGA 850 MANUAL

- I'm glad to see this book is still available. It really helped me years ago when I needed to pull out of post-divorce lethargy. The fact, that it is still in-print, shows the enduring quality of his advice. Putting our life "on hold" is a bad habit and not easy to change. Lots of people could benefit from a book on breaking free from procrastination or getting themselves out of a rut.

- This book is another example of "hands-off" scholarship in that it appears as if the editor never visited Montgomery but rather relied on secondary sources. Though there are numerous excerpts, the editor did not perform the necessary research which would have revealed (a) that the Boycott had its roots within the American labor movement and, more specifically, events which happened in Birmingham, Alabama, during the 1930s and (b) there probably still exists in the archives of the Montgomery Improvement Association or in at least one other place financial and other records not taken to the King Center which would have told an in-depth story using primary sources. In summary, in deciding whether to purchase this book--pass!
