REVIEW OF HIGHER ENGINEERING MATHEMATICS BY B S GREWAL 40TH EDITION

- I have grown up with cats my life and I always loved them. I still do but now I eye them more suspiciously after reading this book. It is an excellent book and very adventurous for young readers like me, all the way from the beginning where a young "kittypet" named Rusty goes into the forest to hunt a mouse when his soon to be best friend Graypaw fights him, to the end which I will not spoil. It is a great storyline and is mysterious with the death of the deputy Redtail. Not until the 3rd book does everyone in the clan found out who the killer is. I suggest everyone who loves cats to read this book. So far I have finished the first series of Warriors which are Books 1, 2, 3, 4, 5 and 6. There are 6 books in 3 series so there are 18 books. All in all, it is a very good series as well as this particular one.

- Rusty was a kittypet until he went hunting out in the forest. With his new

friend Graypaw, Rusty turns into Firepaw and becomes a member of the clan. He explores the secrets of the clans. I have made this my favorite series. I hope someday there will be a movie!
