"Cold-water surfing, the most remote surf spots, spectacular photography, illustrations, and custom boards: Surf Odyssey documents the modern cult of surfing as its own subculture and way of life. There's much more to surfing than palm trees and beach boy clichés. People surf not only in Hawaii, but also in Norway, South Korea, and India. Surf Odyssey is a book about the world of surfing today and those that live in it. This community is made up of the surfers themselves as well as surf photographers and board builders who

are also spreading its distinctive spirit into other creative fields. Comparable to the new outdoor movement, today's surfing is about an attitude toward life, a lust for adventure, and a love of nature that one can only find far away from established spots. Surf Odyssey presents this scene's places, people, stories, and brands. Its stunning photography is sure to inspire many further surfing exploits."

Homecamp is an impressive package that will inspire you to switch off and get lost in the beauty and wonder that nature has to offer. It's difficult to find nature amidst the rush, bustle and electronic pop-ups that flood our modern lives - to leave stress and hurry behind, embracing the simple pleasure to be found in pounding waves, a roaring campfire and a sky full of stars. But nature isn't as far away as you think. Homecamp is a beautiful collection of stories and images from everyday adventurers - people who have found ways to experience and embrace the

outdoors, on their terms. Some have gone on epic adventures: sold their belongings and lived in a van, trekked through the Himalayas or biked across continents. Others simply found new ways of seeing the world around them: cleaned up a beach, learned how to forage or spent a night alone in the woods. All found that their experiences in nature transformed their lives and freed them, even if only briefly, from the monotony of their 9-5 grind. This book will inspire you to rediscover the joys and the rejuvenating power of spending time outside. Along with compelling stories, interviews and imagery, you'll find a how-to guide full of helpful tips, from how to choose and set up camp to brewing the perfect campfire coffee and enjoying the outdoors without a trace.

Discover the untold story of African surf culture in this glorious and colorful collection of profiles, essays, photographs, and illustrations. AFROSURF is the first book to capture and celebrate the surfing culture of Africa. This unprecedented collection is compiled by Mami Wata, a Cape Town surf company that fiercely believes in the power of African surf. Mami Wata brings together its co-founder Selema Masekela and some of Africa's finest photographers, thinkers, writers, and surfers to explore the unique culture of eighteen coastal countries, from Morocco to Somalia, Mozambique, South Africa, and beyond. Packed with over

fifty essays, AFROSURF features surfer and skater profiles, thought pieces, poems, photos, illustrations, ephemera, recipes, and a mini comic, all wrapped in an astounding design that captures the diversity and character of Africa. A creative force of good in their continent, Mami Wata sources and manufactures all their wares in Africa and works with communities to strengthen local economies through surf tourism. With this mission in mind, Mami Wata is donating 100% of their proceeds to support two African surf therapy organizations, Waves for Change and Surfers Not Street Children.

"From the publishers of a popular series of building books comes Small Homes, which is highly relevant for these times. Getting smaller, rather than larger. Some 75 builders share their knowledge of building and design, with artistic, practical, and/or economical homes in the United States, Canada, England, Scotland, France, Germany, Spain, New Zealand and Lithuania. This is the seventh in a series of highly-graphic books on homemade building, all of

which are interrelated. The series, "The Shelter Library Of Building Books," include Shelter, Shelter II (1978), Home Work (2004), Builders of the Pacific Coast (2008), Tiny Homes (2012), and Tiny Homes on the Move (2014). Each of these books has over 1,000 photos, and each 2-page spread is carefully laid out with respect to balance of graphics and clarity of information. A running theme with them is that people have been inspired by one book to build their own home, and this will be included in a subsequent book. For example, many of the homes in Home Work were inspired by Shelter. And so on. The underlying theme with Shelter's books, which has continued for over 40 years, is that it's possible for you to create your own home with your own hands, using

natural materials. Some of these homes are in the country, some in small towns, and some in large cities"--

AFROSURE Hardie Grant

Sensual, meditative, and powerfully evocative photographic studies of the ocean by professional surfer Danny Fuller. Danny Fuller's work as a photographer and artist is best understood through his thirty years as a professional surfer. Fuller who is known for riding the waves of North Shore Oahu's famous Pipeline and Maui's treacherous Jaws sees and experiences the ocean in ways intimate and infinite. Fuller's nocturnal seascapes of the world's most savage and beautiful waves, all captured exclusively by moonlight with slow exposures, share the soulful beauty of the ocean, in meditative,

painterly studies of subtle changes of light and color. In the tradition of artists drawn to the sea for inspiration, Fuller expresses a surfer's deep spiritual connection to the ocean and to the meaning of consequence in surfing. The sensual allure of blue mixed with the ominous presence of water, whose scale is epic, reminds us just how minuscule and insignificant we are relative to the powers of the sea.

Being a gearhead matters. Much as we love reading about the latest hypercar or money-no-object custom project, we believe vehicles owned - and loved - by gearheads like us are just as meaningful, if not moreso. Our readers are self-made. We buy vehicles for specific

reasons and we learn how to maintain, modify, and repair them ourselves. (With a little help from our friends, of course!) Everyone you meet in an issue of Gearbox Magazine is cool. If you spotted them in a parking lot, you could walk right up to them and strike up a conversation. And chances are you might end up lifelong friends. We're not looking to get rich and forget our roots. We're trying to make a few bucks so we can spend more time helping gearheads build high performance machines & lives. This issue isn't perfect, but neither are our daily drivers. We hope you'll grab a copy and tell a couple friends about us. Thanks for checking us out. GBXM-united. Vehicle-dependent Expedition Guide
Crowood Press UK

Modern-day fly fishing, like much in life, has become exceedingly complex, with high-tech gear, a confusing array of flies and terminal tackle, accompanied by high-priced fishing guides. This book reveals that the best way to catch trout is simply, with a rod and a fly and not much else. The wisdom in this book comes from a simpler time, when the premise was: the more you know, the less you need. It teaches the reader how to discover where the fish are, at what depth, and what they are feeding on.

Then it describes the techniques needed to present a fly at that depth, make it look lifelike, and hook the fish. With chapters on wet flies, nymphs, and dry flies, its authors employ both the tenkara rod as well as regular fly fishing gear to cover all the bases. Illustrated by renowned fish artist James Prosek, with inspiring photographs and stories throughout, *Simple Fly Fishing* reveals the secrets and the soul of this captivating sport.

A photography book celebrating the nomadic lifestyle and community of vanlife through interviews, essential advice for living on the road, and more than 200 photos of tiny rolling homes. Inspired by the blog and Instagram account, Vanlife Diaries is an inspiring and detailed look into the world of the rolling homes built and occupied by a new generation of modern nomads: a range of professionals and creatives who have ditched conventional houses for the freedom of the road and the beauty of the outdoors. More than 200 photographs feature the vanlifers, their pets, and their converted vans and buses--VWs, Sprinters, Toyotas, and more--with the interiors uniquely

customized and decorated for their work and hobbies, as well as the stunning natural locations that are the movement's inspiration. Interviews and narrative captions share the stories of these nomads and how they decided to pursue vanlife, and provide practical tips and inspiration for downsizing, finding and converting your vehicle, and working and living on the road.

Join the celebration of the diverse, vibrant, and engaged community of women riding and making waves around the globe. While surfing is usually seen as a male domain, women have long been nurturing their own water stories

and claiming their rightful place in the world of this sport. She Surf hails the females, past and present, who are engaged in expanding the art of surfing. Through exclusive interviews and evocative imagery, the book travels from the iconic waves of Hawaii to remote locations in Morocco. Learn about the forgotten stories of Polynesian surfing princesses, pioneering wave riders from the 1960s, and the contemporary movers and shakers shaping the scene. This book is an exciting reflection on what it means to be a female surfer and what it means to be moved to action by the beauty of the sea.

More and more people are hitting the road to the middle of nowhere. Along

less-traveled paths they are heading up mountains and down dunes in converted mobile homes, campers, trucks, or vans. They are enjoying the drive and the view through mud-splattered windshields as much as the stops and evening campfires amid stunning terrain. Although many of us love living in cities, we have a growing longing to escape into nature. The outdoor scene is booming and many people are heading off to discover it with their own converted vehicles. This way, they can determine their own routes, itineraries, and pace, as well as how many challenges they'd like to meet along the way. After a day on the go, these multifunctional vehicles also serve as kitchens, campgrounds, and sleeping quarters that offer a great deal more improvised fun than a standard, perfectly

equipped RV. Conventional luxuries are eschewed for the sake of greater freedom, tranquility, and adventure. *Off the Road* captures the special mood of such trips by solo travelers, couples, or families who are seeking an alternative to a more standard vacation or want to live their lives differently -- at least for a while. On the one hand, the book shows how familiar models, such as VW buses, Land Rovers, jeeps, and Toyotas are being rediscovered and repurposed for these exploits. On the other, it presents automotive dreamsturned into customized, homey vehicles that offer tailgate breakfasts or roof beds to better admire the stars and that can, in an emergency, cross a river or drag a fallen tree from the road. Whether

exploring the desert, showing children the world, or navigating polar landscapes, the journeys collected in Off the Road are as unique as the people who take them. From radical escapists to fans of nature looking for their next trip, the book celebrates the joy of being on the go on four wheels.

REVIEW OF MITSUBISHI DELICA 4WD TECHNICAL MANUAL

- Little Women is a classic story written by Louisa May Alcott. This is a marvelous story. It concentrates on these four little women with their dad off fighting in the war and the March family going poor.

Alcott incorporates the feelings of each of the little women as the story progresses. She wrote a great story with such great detail with each of the women. During the course of the story, Alcott uses many literary devices in her writing, but there are a few that are more immanent to the reader. Louisa Alcott uses a combination of two literary terms, an understatement and figure of speech. Josephine March constantly uses the phrase, "Christopher Columbus" during the course of the story. She usually uses this phrase when something marvelous or great happens. In the story, Jo is invited to visit the ill Mr. Laurie. When he shows her the house and invites her for tea, Jo uses "Christopher Columbus" when she sees the great and luxurious music room. She

really means how marvelous and great the room was. People around her may not know what she is talking about, but Jo surely does. Louisa Alcott also uses the literary device, foreshadowing. She does this when Jo comes home from town one day with Laurie. Jo comes running up to her house and there was Meg talking with John. Jo gets jealous and mad because she doesn't want Meg to fall in love with him and marry him. Then that means she will have to move out and the four little March sisters will be down to three and Jo does not want that. So as Jo, Meg, John, and Laurie are talking, Beth comes home from town. All of a sudden, Jo grabs Beth and gives Beth a hug and says, "Beth you are never going to leave. You are going to be the one to keep the family together." With Jo saying that, it

foreshadows that something bad is going to happen to Beth and surely something does. Beth dies from Scarlet fever that she got from the baby she was taking care of. Jo was of course devastated with the death and lost of poor Beth. Before Beth dies, she confronts Jo in the attic to talk her. They talk about her (Beth) dieing and leaving Jo. As Jo is crying, Beth starts doing a soliloquy in which she makes a long speech with Jo about dieing. She talks about how she will always be with her and how much Jo means to her. She also says how she is not scared and how what is happening is what is the right thing. With her relationship with Beth, Jo is later inspired to write a novel to be published about her Beth. Finally, Alcott uses all of the characteristics in a character. For

instance, Jo is a great example of a static character; she never changes through out the coarse of the story. At the beginning, Jo loves to write and wants one of her stories published. At the end, she still loves writing, but at the end, her story My Beth is published. Laurie is a good example of a dynamic character. At the beginning, he falls in love with Jo, but as he confesses his love to her and her hand in marriage, she turns him down. Then as he is visiting Europe, he meets up with Amy and things just click and he starts having feelings for Amy. Later they get married, but Jo and Laurie still stay the best of friends just as they were before. Examples of flat characters are Demi and Daisy because they are only described as the twins of Meg and John. Beth is an example of a round

character because she is a very quiet but very virtuous. She does nothing but try to please others. She adores music and plays the piano very well. She seems like a real person that some one would know from school. These are just a few examples, but there are many other characters that fit the description of each of these. Little Women by Louisa May Alcott is a great book. No matter how old or young a reader they maybe, they would enjoy it. It is a book for all ages. Alcott words the novel as though it is a true story happening to real people. Readers can relate to the events in the

story and can relate to the feelings of the characters. This book may be a classic, but it is still enjoyed by many. Little Women is a novel that will never fade away and will continue to be read by others for as long as time can tell. Now that is fantastic novel.

- I played Mary Tilford in my school's production of Children's Hour. It is a tough play but if you can pull it off it is fantastic. It was rough trying not to be mad at myself when I got into character but all went well in the end. If you can perform this play it is well worth it.
