REVIEW OF BIOLOGY REGENTS QUESTIONS AND ANSWERS

- es un gran libro, como nos tiene acostumbrados el señor Drucker y les hará muy bien leerlo a los ejecutivos y managers cuyas empresas estan en problemas
- Rarely does a book come out with such good work on the subject, due to its lack of commercial "sex appeal" for buyers. Heck, this is not an 8th grade level book and you will need some knowledge beforehand to make your own decisions about its subject matter. But a splendid book over all, a MUST have for serious Nordic study's I just wish the author had the time (and funding) to write much more on the area!
