## **REVIEW OF MAXIMUM CITY SUKETU MEHTA PDF DOWNLOAD**

- This book started out weird and ended up wierd and boring! The author has a good idea. We should read instead of watching TV, but if this book is one of the choices you had better turn the TV back on. I mean who in his right mind would ever write a book with 4 wall TVs, robot dogs, and burning books. And the story never really had an ending. It just stopped, I guess to end the boredom. I think the author had to get some sort of deal with all the teachers to assign this book. How else would it get on the required reading list? Maybe he gives 50% of the profits from sales. Please don't buy this book, you are supporting a lunatic.

- This is a fun book to read, and has many life lessons in it along with myths that are easy to decode through its pages. I don't know why people are so quick to dismiss this land mark. If you don't understand the language fine, I don't understand most of the words, but Joyce did say to understand this book to read out loud, and with an Irish accent. I did this, and it was much simpler for me to read the story. Another thing you have to think of are circles, every paragraph tells basically the same story except in a different way with different sounds. And with that comes a structured whole. For all you people that hate learning things, I would stir clear of this, or you may end up having your mind expand to new horizons.
