community. Share your favorite checks out, participate in thoughtful conversations, and uncover brand-new literary treasures. And if you ever need aid discovering the ideal book, our experienced team is here to give personalized suggestions.

## **REVIEW OF HP 8100 OFFICEJET PRO SERVICE MANUAL**

- A short story by Michener's standards, this was a gripping novel about the journey from Britain to the Yukon to find gold. 5 men started out. The 2 and a half year journey was wrought with peril. I read very few novels, but I enjoyed this one. 1/5 the length of most of his books.
- Far from a "boring read", Franklin's

work gives an unique insight into the 18th century working class people. Much that has been written about Franklin is absolute rubbish. His autobiography puts the man in real perspective. Granted he was a bit self centered and, at times, self congratulating, but his accomplishments were many. His wit is often stinging. I was surprised to read about his military activities and yet he was influenced by the Quakers. It's also significant that he talks of his belief in the deity and the fact that he was a presbetyrian. Many "revisionist historians" claim that Franklin was an atheist. This certainly suggests otherwise. Franklin will always be controversial, but never "dull". Another book to peruse is titled FART PROUDLY, also a Franklin work.
